The evergreen plants, which are everlasting, will be obtained by Teizo Thara, Block councilman and caretaker of the cemetery.

**WAC RECRUITS MAY
SEE LT. FERRIS FRIDAYS**

Lt. Ferris of the WAC's will be here every Friday to give information on the organization. She will recruit any one who wishes to enlist.

WOOD CREW
**Workers Cut and Haul 400
Truckloads of Winter Fuel**

Reporting on this winter's fuel situation, Assistant Project Director James F. Rains, disclosed that up to Saturday over 400 truckloads, or 800 cords, of wood were hauled and distributed to the various blocks. In addition to this, a sum of 225 cords of wood was carried over from last year by the blocks.

It was estimated that each block will need 65 more truckloads to pass through the winter months until February. Since unfavorable weather conditions may allow only 15 working days out of each month, an average of 35 truckloads must be hauled in each day.

At present, 130 men, making seven crews, are working as lumberjacks. 113 high school students joined the force Saturday

as part-time workers.

Efforts are now being made to recruit an additional crew through the Employment division. To meet this year's necessary fuel supply, a total of 250 lumberjacks will be needed from next month, it was reported.

With the distribution of wood to each unit carried out by each block, five power saws are now operating in the blocks. Each saw is assigned to a district of seven blocks.

**LEAVES REQUIRE
I.D. PHOTOGRAPH**

Identification photos must be taken by all those going out on leaves, including indefinite, seasonal and short-term, at the Rohwer Photo studio at 25-6-B, reported Herschel Abbott, leave officer.

WITH ONE MINUTE AND EIGHT SECONDS TO GO IN THE FOOTBALL GAME BETWEEN THE ROHWER ALL-CENTER LIGHTWEIGHTS AND THE DENSON HIGH SCHOOL VARSITY IN WHICH ROHWER WAS LEADING 6-0, THE LOCAL ALL-CENTER TEAM WALKED OFF THE FIELD BECAUSE OF WHAT THE PLAYERS AND THEIR THREE COACHES, BRUNO KITAGAWA, SHIRO MORIMOTO AND GEORGE FUKUOKA CONSIDERED AS AN UNFAIR PENALTY INFILCTED ON THEM.

Up to this part of the game, the All-Center lightweights had already been penalized 100 yards, six of them for fifteen yards. The Jerome team had received only one five yards offside penalty.

The only score of the contest came in the opening minutes of the second quarter. After Denison intercepted a Rohwer's pass on their own 35 yard line they made one first down when Min Shintaku got a 10 yard gain. Rohwer was penalized 15 yard for the coach being on the field. With first and ten to go on the Lightweight's 40 yard line, Arihara was thrown for an 8 yard loss.

On the next play, Kouji With first and ten to go on the Lightweight's 40 yard line, Arihara was thrown for an 8 yard loss. On the next play, Kouji

25 INDIANS WIN CC PLAY OFF

The 25 Indians won the Double C League championship play-off by winning two straight games from the Block 33.

Arihara faded back to his own 45 yard line, from where he threw a flat pass which was intercepted by Junji Sasaki on Rohwer's 49 yard line. Behind some beautiful downfield blocking on the part of his alert team-mate, he rambled 51 yards to a touchdown, unopposed. Mel Fukumoto's attempted conversion went wide of the goal posts.

The Rohwer lightweights threatened to score twice more in the game but both time a fifteen yard penalty ruined their chances of scoring.

The Densons' prepsters had one golden opportunity to put over a touchdown, when Jimmie Tsutsui blocked Ty Kajimoto's third down punt and he recovered on Rohwer's 8 yard line.

With first and 8 yards to go for a touchdown, the Densoneers tried three line backs, but all three times they were met by a stone wall and were minus three yards. Fourth down coming up and now 13 yards to go, Kouji Arihara was smothered for a 10 yard loss on an attempted pass play by Eddie Wakimoto, Frank Sato and Kenny Ige.

The Rohwer gridders once again out-gained Denison, 101 yards net to 15 yards on the ground, but Jerome gained 44 yards from passes to All-Center's 12 yards. The first downs were divided even 7 apiece.

Rohwer's small but mighty forward wall, led by Mel Fukumoto and Tada Q. Endo, both played a magnificent game and Eddie "Battleship" Wakimoto out-charged and out-fought a bigger Denison's line.

Leading ground gainer of the day was All-Center's lefthalf, Junji Sasaki who rattled off 61 yards in 14 tries.

Y.P.C.F. HOLDS FIRE PREVENTION, CAR SAFETY EMPHASIZED

The YPCF will hold a "regular" Hallowe'en party Friday from 7:30 p.m. in PS hall 20.

All young people are invited to come, announced President Fred Koyama. Those working on the committees are Isami Inouye, decorations; Hiroshi Ueyehara, Lily Hirahara, games and stunts; Yumi Sato, Hisako Kitta, Masako Tabuchi, Grayce Kaneda, and Yuriko Ueyehara, general arrangements.

Welfare Staff Enjoys Bake

Gathering around the campfire at the Center campsite, the Social Welfare staff went weenie-baking Sunday afternoon. Hiking both ways, the 30 picnickers started out about 4 p.m. and returned around 9:30 p.m.

Top refreshments included "hot dogs," cake, marshmallows, coca-cola, iced cream, "onigiri," "takenoko," and "fuki."

Opened with a community sing, the impromptu program presented vocal solos by Wilma van Dusseldorf, Alice Algor, Also Ito, Lo-Rayne Sugimoto, Ed Sunada, T. Kataoka and Kay Kato.

Excitement was also provided by a raffle drawing which awarded nine prizes.

The following editorial emphasizing the immediate necessity of fire precaution is reprinted from the Tulean Dispatch.....

The danger that involves so many men in case of fire was clearly shown by the unfortunate accident Wednesday afternoon. The injuries and anxieties suffered by the victims and the family members could have been avoided by being

more observant of the every day fire safety rules.

Although the National Fire Prevention Week was observed last week, the principles of safety-first in combating fires should always be kept in mind. The barracks and accessories being constructed of highly combustible materials, it makes it almost imperative that extra precautions be taken while kindling fire for the stoves or feeding the heaters excessively. The moment the stove is lit there are a number of ways in which a major fire can be started.

The dangers and risks that the firemen must face to protect the center residents from the ravages of fire must be recognized by the colonists. Unmindful of their own personal dangers, they are always striving to do their daily routine well. Adding to the danger and risk are the poorly constructed roads that the fire trucks must traverse during emergencies. The loose gravel and the soft shoulders of the roads makes it extremely difficult to drive the trucks.

To those youthful firemen who risked their lives for the safety of the people, the community must pay deserving tribute.

BIG ACCIDENT AT TULE LAKE

Tule Lake Segregation center, suffered its first serious fire accident on Oct. 13 when a speeding firetruck on its way to a fire flipped over twice in an attempt to turn a corner at a high speed and threw off its passengers and equipment, reported the Tulean Dispatch.

Three firemen, Johnny Nomura, Masato Nishikawa and Henry Nakagawa were seriously injured.

Kits Arrive For Model Plane Club

More Model Plane kits have been received, reported the clubs and organizations section. They are available at PS hall 32. Model Plane enthusiasts are invited.

NISEI DO WELL ON BATTLEFRONT

In a teletype from the Washington WRA office, a report covering the first battle of the 100th infantry battalion, composed of nisei troops was relayed.

"The nisei were under fire for four days and was subjected to intensive artillery fire. However, the soldiers stuck to their position as though they were used to having dynamite explode in their midst every day of the week," stated Major James Lovell of Hastings, Neb.

Captain Taro Suzuki, who has been in the Army for 16 years, and who was in command of the first company to go into action

said "The company had to sink or swim by itself. The Germans used machine guns, mortars, rifles and heavy artillery. Our supporting troops could see the Germans firing on us but didn't know where we were so could not return their fire. When we spotted the enemy guns, we opened fire with little 60 mm. mortars. We got them there and went right in after them. Machine gunners pulled out and our riflemen cleaned them up."

An unnamed sergeant from Oahu was the hero of the first battle. He led one squad to destroy enemy machine gun and was hit by a shell. He hung on long

enough to tell man replacing him where the gun positions were located. "We want to get him one of the highest awards," stated a high ranking officer.

Sergeant Yutaka Nezu of Waimanalo, Oahu, took a squad into a deserted town and rescued 22 paratroopers and was cut off behind the German lines for 16 days.

Chief of staff of the division remarked, "These men have been in battle and they are good. We like them." A commanding officer of the nisei troops added, "We have had our baptisms of fire and have not been found wanting. Don't say that we have done anything remarkable."
